REQUEST

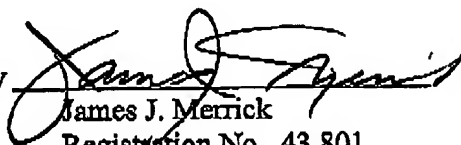

In response to our office receiving an Office Action mailed on January 14, 2004, we formally request that the reply period be reset as the cited reference on page 2 of the Detailed Action did not coincide with any of the references cited by the Applicants in an IDS or in the notice of references cited on the accompanying copy of the PTO-892. See MPEP §§ 707.05(g) and 710.06. Furthermore, a copy of the reference cited on page 2 of the Detailed Action was not included with the Office Action when it was sent from the Patent Office. Instead, a reference cited on the copy of the PTO-892 (i.e., Mrenna et al., U.S. Patent No. 44,719,438) was included which has the same first listed inventor's name, i.e., Mrenna et al., creating confusion as to the correct reference intended.

Applicants respectfully request a supplemental Office Action and copy of a new PTO-892 reflective of the correct Mrenna et al. cited reference intended by the Examiner.
